

Share Board Directors

Joanne Antonelli— Nursing Supervisor at Legacy Salmon Creek Medical Center

“I have always believed that a community needs to gather together to take care of each member. Share exemplifies this by reaching out to the most vulnerable in society. We all need to feel we have worth and meaning. I have seen how Share does this first hand through the WHO program, at which I volunteer. Homelessness also directly effects the health care system. They come to our emergency departments very ill, are treated, but then go back to an unstable living situation, so the cycle continues. Most do not have any health care coverage, no safety net, so the hospitals pay the cost. I hope I can do my small part to make a difference in our community.”

Tim Cross— Vice President Commercial Banking Relationship Manager, U.S. Bank

Jim David—Attorney, Northwest Legal Advocates LLC

“I have 30+ years experience as a prosecutor in Clark County. Throughout that time, I have been involved with two significant groups of people—seniors and former inmates—needing assistance on a recurring basis. Their needs are often left wanting, and a result is the failure harms not only them but the entire community.”

I am honored to work alongside the staff, volunteers, donors, and supporters of Share on their mission of ending hunger and homelessness in our community by providing crisis services and resources aimed at independent living for our most needy and fragile citizens.”

“Since high school, the homeless have been an important focus of my community service. While at Jesuit High School, I volunteered at St. Francis dining hall weekly and participated in the Portland Plunge, a week-long homeless immersion. I want to help make that happen.”

Share Board Directors

Craig Walker—Founder, FlashAlert Newswire

“Share’s work is important for our community as well as the individuals served. Within my own family, I have seen the destruction that drug abuse, lack of good nutrition and homelessness bring upon those who have fallen through poverty’s trap door. As an organization, Share fulfills a need that is hard for community members to take on individually.”

Affiliations: Clark County representative to PDX Citizen Noise Advisory Committee, Cascade Park Civic Association, Evergreen School District Foundation, CASA, Big Brothers/Big Sisters.

Terry Toland— Energy Resources Manager, Clark Public Utilities

“It has been my experience that there are no ‘typical’ hungry and homeless people. Each has a story to tell, from which we can all learn if we listen. Through the work of Share, hunger and homelessness can be a temporary circumstance, instead of a permanent hardship. To that end, I am honored and pleased to work alongside a team of such dedicated individuals in our community. A community that validates the importance and dignity of all its citizens.”
